FRANKLIN COUNTY SOCIETY OF BROTHERHOODS AND CHURCH CLUBS TO MEET AT SHELBURNE FALLS

The spring meeting of the Brotherhood will be held Tuesday evening, April 23rd at Shelburne Falls. Supper will be served at 6.30 and a good time is assured. We want a full representation from Northfield. If you have no car get in touch with Mr. Kellogg and he will see that a place for you is found in some car. All who have cars try to go and notify Mr. Kellogg of the number you can take.

H. E. DUREN GIVES GOOD TALK AT BROTHERHOOD MEETING ON TUESDAY

It takes more than the type of spring weather sent down from the north last Tuesday evening to keep the members of the Brotherhood, as demonstrated by the large number that turned out.

H. E. Duren, manager of the Greenfield Electric Light & Power Co., the guest of the evening, gave a very interesting and instructive talk on the transition in New England from the small isolated waterpower developments to the centralized and interconnected stations, insuring a more stable supply at a much lower cost, and making the power available at ever increasing distances from its source.

The supper prepared by the Northfield Hotel went to the spot on such a cold night. The menu consisted of Kellogg's Homemade sausage, mashed potatoes, applesauce, fried mush with new maple syrup, rolls and coffee. Mr. Forsaith, with an able and willing corps of assistants saw that everyone's wants were fully supplied.

BAD WEATHER MAKES LOW SCORES FOR LOCAL WALTONS

Local fishermen are all disgusted with the weather and nothing like the usual fine catches of trout have been made on the opening days of the season. As near as can be learned the first day's score ran with twelve fish for C. W. Mattern, ten for Anderson, six for Myron Dunnell, with the Reed boys, Harry James, Bob Abbott and the rest just trailing along for a few. We hope that any who have not been mentioned will make themselves heard, as it is important that Northfield's trout fishing glories should go forth undimmed to our many out of town and out of state readers.

FIRE DEPARTMENT ON THE JUMP FOR CHIMNEY SCARES

Our fire department has made several lively runs in answer to chimney fire alarms this week, including Schell's and Herbert Kenney's. No serious damage resulted due largely, we do not doubt, to the speed of our fire ladders in getting there. Good work, boys.

At Sage and Hermon

Rev. F. W. Pattison preaches at Mount Hermon chapel Sunday morning. The speaker at the Congregational church Sunday morning and at Russell Sage chapel Sunday evening will be Rev. Douglas Horton, pastor of the Leyden Congregational church of Brookline.

C. E. Social Last Saturday

The Junior Christian Endeavor society held a social Saturday afternoon from 3 to 5 o'clock with Mrs. Roy Barrows and Mrs. Ralph Forsaith as superintendents. Mrs. Burnham of the gymnasium of Northfield seminary directed games for the boys and girls. Mr. Howard A. M. Briggs visited the children and spoke to them briefly. Ice cream and cake were served.

County Cancer Clinic

The next Franklin County Cancer Clinic will be held at the Farren hospital, Montague City, on Friday, April 26th at 3 p. m.

Weather Philosophy

If you will look in Webster's new National Dictionary under the word borrow you will find what appears to be the prescription for this week's weather: "Borrowing days, the last three days of March, Old Style, coming about the middle of our April, and often cold and stormy. Scottish folk lore says: 'March borrowed frae Aprile. Three days, and they were ill; The first of them was wind and wet, The second of them was snaw and sleet, The third of them was sic a freeze That the bird's legs stick to the trees.'"

KIDDIE CATCHES BROOK TROUT WITH BENT PIN AS HOOK

Here's the best so far. Eugene Miller, 5 years old, of Northfield, using a stick of wood, a piece of twine, a bent pin for a hook and a worm for bait, caught a brook trout 7 1/2 inches long on Monday. If the trout were but a few inches longer it probably would have pulled the youngster into the brook.

NORTHFIELD SUMMER CONFERENCE DATES AND SPEAKERS

The dates of the conferences this year are announced as follows: Young Men Students' conference, June 14-22; Young Women's conference, June 22-30; Woman's Interdenominational Home Mission conference, July 5-12; Conference for Women's Foreign Mission societies, July 12-20; Conference of Religious Education, July 22-31; General Conference of Christian Workers, August 3-19; Christian Endeavor conference, August 19-26.

From England will come Rev. Henry J. Wicks, D. D., of London; from Canada, Rev. John Baillie of Knox college; from California, Rev. G. Campbell Morgan, D. D., and Rev. John M. MacInnis; from Chicago, Rev. P. W. Philpott, D. D. These speakers, together with Rev. James Moffatt, D. D., Rev. Charles R. Erdman, D. D., President Paul D. Moody of Middlebury college, Rev. Paul Scherer, D. D., Rev. Melvin E. Trotter and W. R. Moody, offer a strong platform at the general conference of Christian Workers.

The conference of young men students from the colleges of the North-eastern states meets this year under the leadership of Rt. Rev. John T. Dallas, bishop of New Hampshire. Dr. Raymond Calkins of Cambridge, Mass., and Dr. Albert W. Beaven of Rochester, N. Y., will conduct the daily Bible study at the conferences held in the interests of Home and Foreign missions.

The bulletin issued from Northfield contains the following names as representatives of the staff of over one hundred speakers, faculty, and leaders of these conferences: Dr. Robert Laws, pioneer missionary to Livingstonia; Dr. George A. Buttrick, Mrs. Helen Barrett Montgomery, L.L.D., Dean Luther A. Weigle, Dr. Daniel A. Poling, D. D., Dr. Everett A. Herrick, Miss Margaret Slattery, Henry Roe Cloud, Miss Oolooah Burner, Dr. Herbert W. Gates and Dr. Louis M. Sweet.

TWO MEN FROM KEENE ARRESTED ON SUNDAY

Highland avenue was the scene of a little commotion last Sunday evening. Residents going to the evening service watched a car standing in the middle of the road and on investigation found two men overcome with drink. Constable Harry Haskell was called and ascertained they were Harry Spaulding the driver of the car and Frank Colter both of Keene, N. H. They were taken to Greenfield jail and appeared before the court Monday morning. Spaulding was charged with driving while drunk and his case was put over a week. Colter was fined \$10 for drunkenness.

Local Odd Bits o' News

Word comes from the Bittingers that they left Santa Monica on Tuesday for Cleveland and expect to be home about the middle of May.

Miss Charlotte and Miss Amelia Hausma near visiting their sister and husband Mr. and Mrs. Fred A. Holton. Fay Smith is home from Mount Hermon school.

Rev. and Mrs. George Makepeace spent the first of the week in Springfield with his brother, Homer Makepeace.

Rev. and Mrs. Howard A. M. Briggs have been guests at The Northfield for several days, returning to Boston on Tuesday. Mr. Briggs is much better but still under hospital treatment.

Mrs. C. P. Buffum is at the Ashuelot nursing home for recuperation. Mr. and Mrs. Harold Pearson and child, and Mr. and Mrs. Powell and family of Everett will be the guests of Mr. and Mrs. Alexander Pearson on Friday and Saturday of this week. Mrs. Harold Pearson and child will remain for a longer visit.

Mrs. M. E. Haven had for her guests over the week end Mr. and Mrs. F. N. Reckham of Ashland and Mr. and Mrs. Andrew Warner and daughter, Gladys, of Worcester.

Miss M. E. Kiblin who has been with Mrs. F. B. Caldwell for several weeks returned to her home with Rev. and Mrs. George Makepeace on Warwick avenue on Tuesday.

The Berean class meets with Mrs. Allen H. Wright on the afternoon of April 24.

The Community will hold a dance for the public on April 23 at the town hall.

If you live forever you can't outlive the income which will come to you if you own a RETIREMENT INCOME PLAN as arranged by depositing say a dollar a day or less with THE PHOENIX MUTUAL LIFE INS. CO. Hartford Conn. *Adv.

BOY SCOUTS JOIN UP WITH THE GIRL SCOUTS AND THE AMERICAN LEGION ON CLEAN UP CAMPAIGN

AND NOW COMES "THE SINGING FOOL" AT THE GARDEN THEATRE

"The Singing Fool", Al Jolson's second motion picture, is in the difficult position of following a phenomenal Jolson success, "The Jazz Singer." That it does not suffer by comparison is proof of the tremendous heart appeal of the story of the loves and losses, successes and failures, of a singing waiter of Broadway.

"The Singing Fool" provides him with a story of universal appeal. First seen as a waiter in a New York cafe, in love with a beautiful entertainer, he later becomes owner of a pretentious night club and husband of the same faithless lady, who casts him into the depths of despair by deserting him and their little boy, for a stranger. For the sake of the child he goes on, urged and aided by the pretty cigarette girl he had known in his less successful days. Then comes a call from his divorced wife—news that Sonny Boy is dangerously ill. You owe it to yourself to see Al Jolson in "The Singing Fool."

NORTHFIELD ENTERTAINS POMONA GRANGE AND WINS A PRIZE

Connecticut Valley Pomona Grange came to Northfield Grange last Friday evening for a competitive entertainment. There were four Granges competing: Greenfield, Montague, Bernardston and Northfield. Philip Whitmore of Sunderland master of Pomona Grange presided. Each Grange except Northfield gave a short play. Northfield gave a pantomime and was awarded first place with Bernardston second. Greenfield representatives also rendered two songs. Those taking part in the Northfield program were Mr. and Mrs. A. M. Wright, Marion Wells, Emma Stebbins and Mrs. Philip Mann. A supper was served previous to the entertainment in charge of Mrs. John Black. There were 114 present. Mrs. Fred Wells master of the social order was hostess.

ST. PATRICK'S CHURCH PLAY AND SUPPER

St. Patrick's Roman Catholic church is planning on giving the play "Cinderella O'Reilly" with the players from Millers Falls, at Northfield Town hall about the first of May. They expect to serve a chicken-pie supper previous to the play. Details in our next issue.

UNIQUE ENTERTAINMENT PLANNED BY LEGION

Haven H. Spencer Post of the American Legion have secured the Town hall for Wednesday evening, May 8th and are in negotiation with "The Variety Trio," claimed as New England's most versatile entertainers, to present their entire musical, song and dances and refined vaudeville acts upon that evening, at a popular price of admission. It is expected that complete advertisement and announcement will be in the next issue of this paper. Watch out for it and keep the date in mind.

WRETCHED WEATHER CONDITIONS MAKE HOPED FOR FINE WEATHER OF LAST MONTH OF CAMPAIGN IMPORTANT FACTOR IN RESULTS

MILITARY ETIQUETTE AND POINTERS FOR MILITARY BALL

A Military Ball is a real novelty for Northfield and this function, to be held tomorrow night in the town hall, given by the visiting Company G, U. S. A. A., is causing many inquiries from those who want to be informed upon the procedure in such a matter. Perhaps the words "trooping the colors" in the advertisement of the Ball requires some elucidation in a town that has not had a military garrison in a century or more and where military etiquette has not been specially popular.

To begin with: the colors (the stars and stripes and the regimental flag) of a combatant organization under authority of the government are objects of special respect and reverence. When the colors go by all civilians salute and military folks come to attention, facing the colors, and salute. Moreover, in the street, all vehicles should come to a halt and stay put until the entire marching column has passed.

At the ball in the town hall the following program will be followed: At 7.45 p. m. the troops will assemble on the ballroom floor, in platoon front, Company G in front and visiting uniformed men in rear platoon with the American Legion on the right of the line. (All armed troops will remember that this is a ballroom floor and order their arms accordingly.)

At 8 p. m. the colors, with their armed guard, will come from the barracks in Grange hall, and accompanied by the band will march up one side of the hall and take position, with band at one side and C. O. and staff, at the other, facing the troops. As they march in the troops come to attention and all spectators salute till the colors have taken station.

At command, the troops, probably in column of squads owing to the size of the hall, will then pass in review, armed squads giving the armed salute and unarmed squads the hand salute; and so pass out from the ballroom. The colors, with their armed guard, will then march around the hall and be again saluted by the spectators and, under direction of the C.O. the colors will then be furled and parked on the back centre of the stage, and the armed guard and bearers dismissed.

Until about 8.30 the center of the floor will be occupied by the troops with their exhibition drills and stunts; after which general dancing will follow until intermission time for refreshments, and then on until midnight.

High School Notes

The Fortnightly program on April 12, was given by members of the high school. A double quartet consisting of Elsie Havercroft, June Wright, Marion Bistrek, Flora Callahan, Alvin Porter, John Plotczyk, Edward Reed, and Seth Field sang four selections. They also with Polly Parker and Ruth French, represented the names of songs for a guessing contest.

The graduation honors this year go to Aaron Newton as valedictorian and Eunice Holton, salutatorian. The graduation exercises will be on June 20, and the class day program June 21, in the town hall.

MRS. WEBSTER HEADS THE FORTNIGHTLY

Mrs. C. H. Webster who presided at the first annual meeting of the Fortnightly last Friday afternoon at Alexander hall was re-elected president and will thus be the presiding officer of the club to begin the second quarter century of its existence.

The club enjoyed listening to several selections by a high school chorus directed by principal Evelyn Lewly.

Reports showed the Women's club is thriving and has a membership of 106, and of this number 84 are paid members. The balance in the treasury is \$54.15. They voted to send a delegate to the federation meeting in Swampscott May 15 to 17. The officers elected follow: Vice-president, Mrs. M. Vorce; secretary, Mrs. George Pefferle; treasurer, Mrs. C. E. Williams; executive board, Mrs. W. P. Stanley, Mrs. R. Forsaith, Mrs. H. T. Millard, Mrs. J. W. Field, Mrs. S. E. Whitmore; program committee, Mrs. W. G. Webster, Mrs. C. F. Taber, Mrs. C. M. Steadler, Mrs. H. H. Morse and Mrs. Elliot Spear, the two latter continuing service from last year; music committee, Mrs. A. H. Wright, Mrs. L. R. Alexander, Miss Marion Webster, Miss Daisy Holton, Mrs. T. H. Parker.

The Fortnightly luncheon will be held on Saturday, May 4th, at the Northfield hotel. All members are asked to notify the secretary, Mrs. Waite if they will attend and if they plan to bring a guest. Mrs. Webster has had an acceptance to her invitation to Mrs. A. A. Packard, state president of Springfield to attend and speak. It is expected that Mrs. A. D. Potter of Greenfield will also be present.

WHICH LOCAL ORGANIZATION WILL BE NEXT VOLUNTEER

And now the Boy Scouts, through their scoutmaster, Lewis Wood, have offered their participation in the Clean Up, Paint Up, Plant Up, Fix Up campaign. Good work? From other sections of our broad land are already coming reports of the fine things being accomplished by both Boy and Girl Scouts, in the local Clean Up campaigns and we look for our boys and girls to do as well and even better.

As we have already pointed out there is excellent opportunity here for scoutlike performance (getting the morning knot out of the necktie, what?) in unselfish service to the sick or aged in the cleaning up of their grounds and gardens. Also, there are often veritable eyesores in the way of old buildings and tangles of underbrush along roadways, with, perhaps, absentee or careless ownership that can be helped.

Scouts up New Hampshire way have done some good work in putting back fallen or falling roadway signs, as well as in placing new ones and, under authority from the selectmen of another community, we note that Boy Scouts placed street names, where none had been before, around the whole town.

After this issue we shall only have one more (that of April 26th) in the interests of the campaign and on Tuesday, April 30th, the deadline will be drawn at midnight and the Haven H. Spencer post of the American Legion will promptly make their final check-up upon the 459 places they have surveyed. And so, in our issue of May 3rd, we shall hope to have a full and complete comparison as well as some details of just what the campaign has accomplished this season.

NORTHFIELD BOY SCOUTS RIGHT THERE ON THE CLEAN UP JOB

Northfield Farms, Mass.,
April 16, 1929.

Editor,

The Northfield Press:
At a meeting of the Boy Scout Troop last night it was unanimously voted to enter the clean-up campaign.

A committee, headed by Assistant Scoutmaster Walter Scoble, was appointed to make a report on the various places where improvements can be made.

It is hoped that the people of the community will co-operate with us and help us to make our town a cleaner and more beautiful place in which to live.

I am pleased to say, in behalf of my Troop that your campaign has the hearty support and co-operation of the Boy Scouts of Northfield.

Scoutmaster

GREENFIELD DIAGNOSTIC CLINIC OPENS MONDAY

His many friends will rejoice with Dr. R. E. Hubbard that one of his dreams is materializing on Monday next, when the Greenfield Diagnostic Clinic, 479 Main street, Greenfield, will formally open. Dr. Hubbard and Dr. F. J. Barnard, who are partners in this enterprise will have other specialists and trained nurses to assist. They have a beautiful location and an establishment furnished and equipped complete for their work. While their specialty will be diagnostic services, including X-ray, analysis and general laboratory work, they will also perform minor surgical operations, that do not call for hospitalization. We believe that we voice the general expression of his many Northfield friends when we wish Dr. Hubbard and his associate, all possible success in their most worthy efforts towards the well being of the community.

Websters Going Abroad

Mrs. C. H. Webster and her daughters, Miss Marion and Miss Bernice have their plans arranged for the summer abroad. They sail on the S. S. Belgeland of the Red Star Line on June 29 from New York. They land in France and go to Bruges in Belgium where Miss Bernice will study painting and Miss Marion music for a short intensive course.

The remainder of the summer will be spent in travel in France, Holland, England, Scotland and they hope to go down the Rhine. Their itinerary is not yet complete. They are unaccompanied and return here Sept. 4.

SOME GOOD ADVICE FOR ROADSIDE STAND OPERATORS

Farmers who run roadside stands in Massachusetts must confine their fruit and vegetables to what is raised on their own farms, in the neighborhood, or at least from within New England if they are to retain the support and good-will of consumers in the opinion of Dr. A. W. Gilbert, State Commissioner of Agriculture.

"The unrestricted purchase of fruit and vegetables for resale at roadside stands is not in keeping with the purposes of such stands," said Dr. Gilbert. "The members of the Roadside Stand Association who voted for this change probably did not intend to do more than make an opportunity for members to enlarge the scope of their stands and increase their attractiveness by making it possible for them to buy from other farms."

The association provided in its new regulations that no outside produce should be labeled as home grown or neighborhood grown. This does not do away with stigma which the stands will be under if they buy fruit and vegetables without restriction. The traveling public believes, quite naturally, that when they buy fruit or vegetables out on the roadside stand, it comes from that farm, or at least from that neighborhood. All the more are they entitled to believe the produce locally grown if the sign of the association is displayed above the stand. The only possible way in which this stigma could be removed would be for the stand owner to label such produce as "not grown locally." In the absence of specifically calling attention to the fact that such produce is not grown locally, the traveling public is bound to think that it is from that neighborhood.

"The state department of agriculture recently made a comprehensive study of roadside stands, both from the viewpoint of the stand owners and the consumers who patronize them. The results showed absolutely that the chief reason why the roadside stand business flourishes is that automobile drivers like to buy fruit and vegetables which are known to be fresh. They do

not care at all whether they were grown on that individual farm, but they do care to know whether or not the produce was grown near at hand or in Texas. Any stand that put up a sign that indicated its offerings were brought in from far off would soon be out of business."

"There seems to be a possibility that the New England quality products label might be utilized in some way by the roadside stands. It stands for the quality products raised in New England roadside stands would buy freely if they could have the assurance that a product was grown in New England. It might not be quite so much of a drawing card as 'raised on the farm' or 'in the neighborhood', but it would be far more likely to attract patronage than a sign of an association whose regulations permitted the unrestricted sale of products from anywhere in the world."

"I understand that the Roadside Stand association is about to rescind its vote opening the doors wide to purchase of outside products. This is a wise move on the part of the association. It is to be hoped that other farmers who own stands will take the same constructive stand."

Dr. Massee Resigns

The acceptance of the resignation of the Rev. Dr. Jasper C. Massee as pastor of the Tremont Temple, one of the largest Baptist congregations in the country, was reported at a meeting there Tuesday night.

Dr. Massee read his resignation and announced his intention of entering the evangelistic field as an avenue of wider usefulness.

Winchester, N. H.

Mrs. James S. Kellom, WINCHESTER CORRESPONDENT OF The Northfield Press, Telephone 27 Winchester

Franklin Pierce Kellom

Franklin Pierce Kellom, Sr., 76 years old, a prominent citizen of Winchester, died at his home on Elm street Tuesday morning after an illness of four days duration. Mr. Kellom suffered a shock on Friday while at the storehouse of his lumber company.

Mr. Kellom was born in Concord, N. H., August 16, 1852, the son of Stephen and Sarah "Ferre" Kellom. He was educated in the schools of Concord. He was employed for three years in a store in Contoocook, and then for several years as bookkeeper for the newspaper of the People and Patriot. After several years work he was promoted to business manager. In May, 1896, he was appointed by the government to National Bank Examiner for the State of New Hampshire. After three years he left that position and moved with his family to Winchester where he became cashier of the Winchester National bank. He held that position until August 1918, when he resigned and his son, James S. Kellom, became cashier. Since then he has retained his interest in the bank, with his office in the bank and acting as vice-president of the bank. He has also been in the lumber business under the firm name of Kellom & Handy.

Mr. Kellom, while in Concord, was an active member of the Baker Memorial church and for several years was Sunday school superintendent. Upon his making his home in Winchester he and his family became affiliated with the Methodist church of Winchester. At the time of the General Conference of the Methodist Church in Chicago he was a delegate from New Hampshire to the conference. He was always keenly interested in the affairs of the town and has been for a number of years a member of the town finance committee. He served three terms as a member of the state legislature and was the first treasurer of the Cheshire County Y. M. C. A.

Mr. Kellom was a man whose whole heart was in his home and church. He was always for the thing that was for the good of the community and did much good in his quiet way for the poor and needy.

He married on April 8, 1884, at Scio, O. Margaret M. Patton, who survives him. Also three sons, James S. Kellom and Franklin P. Kellom, Jr., of Winchester and George C. Kellom of Beverly, Mass. Also three grandchildren, Margaret and Ruth Kellom of Winchester and David Kellom of Beverly. A brother, Willis Kellom of Concord and a number of nieces and nephews also survive.

The funeral was held at the Methodist church on Thursday afternoon at 2 o'clock. The stores and business places closing from 2 until 3, showed the high honor and esteem in which he was held. The bearers were W. B. Drugg, W. H. Douglass, F. F. Wood, T. D. Dugan, Myron Prentice and H. H. Young. Burial was in Evergreen cemetery.

U. S. HAS 425 CITY AIRPORTS

The department of commerce in a recent report reveals that at the close of the last there were 425 municipal airports, 415 private and commercial; 304 intermediate, 63 army, including national guard and reserve; 17 navy, including marine corps, 340 marked auxiliary fields and 942 proposed airports.

Do You Know—

That 21,000,000 letters went to the dead letter office last year?

That 803,000 parcels did likewise?

That 100,000 letters go into the mail yearly in perfectly blank envelopes?

That \$55,000 in cash is removed annually from misdirected mail?

That \$12,000 in postage stamps is found in similar fashion?

That \$3,000,000 in checks, drafts and money orders never reach intended owners?

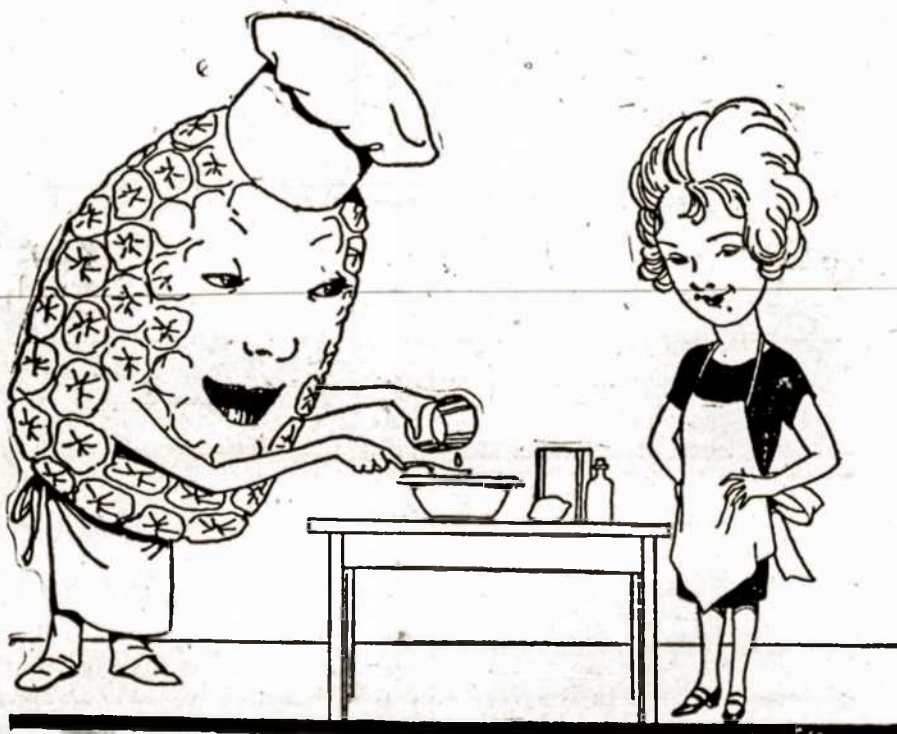

That Uncle Sam collects \$92,000 a year in postage for the return of mail sent to the dead letter office?

That it costs Uncle Sam \$1,740,000 yearly to look up address on misdirected mail?

That 200,000,000 letters are given this service yearly?

That it costs in one city alone \$500 daily?

Someone said once that half the world doesn't know how the other half lives. It may be true, but our observation is that the half of it tries hard enough to find out how the other half lives.

SALUBRIOUS SAUCES

ONE of the dilemmas which very often confronts the housewife is that of using up the "left-overs." Very often, however these remnants may be dressed up a bit and disguised in some clever fashion to make a real addition to the meal.

A left-over bit of cake, rice or bread pudding if steamed and accompanied by one of the following delectable sauces made from Hawaiian pineapple will appear so tempting that it will get itself used up forthwith.

Here They Are

Pineapple Sauce: Ice creams or puddings will be given an added interest by the use of this delicious sauce. Boil three-fourths of a cupful of sugar with one-half cup of water for ten minutes. Allow this syrup to cool thoroughly, then add one and a half cupfuls sliced Hawaiian pineapple, diced, or the same amount of crushed pineapple. When serving with ice cream, cut pieces of pineapple in triangular shape and use for garnishing the dish.

Pineapple and Ginger Sauce:

Here is a sauce with a zest of its own: to one cup of crushed pineapple add three-fourths of a cup of sugar and one-half cup of water, three tablespoons preserved ginger. Cook for a few minutes until thoroughly blended and serve ice cold over plain ice cream, frozen custard or cottage pudding.

"Hard" Sauce

Pineapple Hard Sauce: Cream one-fourth of a cup of butter with one cupful of powdered sugar and two tablespoons cream. To this base add a cup of crushed Hawaiian pineapple worked in gradually.

Pineapple Shortcake Sauce:

Cream together one cupful powdered sugar and one-fourth of a cup of butter. Add one egg white, beaten stiff, then a cupful of crushed Hawaiian pineapple, the whole beaten together until light and foamy. This sauce may be used not only with short cake, but is delicious with cottage pudding, baked rice puddings, sponge or chocolate cake.

Now is the time to fix up your MODEL T FORD

RIGHT now, after winter lay-ups and winter driving, is the time to go over your Model T and find out just what it needs in the way of replacement parts and adjustments. For a very small cost, you may be able to protect and maintain your investment in the car and get thousands of miles of additional service.

To help you get the fullest use from your car, the Ford Motor Company is still devoting a considerable section of its plants to the manufacture of Model T parts and will continue to do so as long as they are needed by Ford owners.

The beauty of flowers—the Message of Affection

FLORIST

Flowers of all kinds are a natural part and have a place in the Clean Up, Paint Up, Fix Up campaign. Not only should every home have living flowers in the garden, in window-boxes and indoors, but the gift of flowers to friends and on anniversary occasions is a charming idea. They always seem to speak the language of brightness and hope and joy. Nature is indeed the pioneer of the Clean Up and Paint Up plan. Send flowers and spread the doctrine.

SEND IN YOUR ADVANCE DATINGS AT THE TOWN HALL TO THIS OFFICE FOR PUBLICITY

There has apparently been quite a mix-up in trying to run off some of our local functions at the Town Hall this season. Several organizations have had to abandon the giving of certain dances and entertainments they had planned, for the reason that they found themselves unable to obtain any suitable dates at the Hall. Of course there are a number of factors entering into the proposition but it seems as if the prime reason for these disappointments lay in the organizations themselves not planning early enough in the season, or even ahead of the season, and securing their datings accordingly. Moreover, with datings secured, the success of the entertainments offered is often imperilled if functions of too similar a character come right upon the heels of one another. The ideal way would be to have some central booking office for these local dates, giving them proper publicity well in advance, so that the various organizations could fit in their functions in a logical way. This newspaper would be glad to serve in this matter by publishing these advance datings, if organizations will supply this information promptly, and then others can fit in their datings accordingly and nobody need feel disgruntled or feel that they have been pushed aside. This is one of the many services that a local newspaper can perform to the direct benefit of all concerned.

ON WITH THE CLEAN UP, PAINT UP, FIX UP GAME

It is most gratifying to note that this year's Clean-Up Month Campaign is going over at least twice as well as last year's. In 1930 we look for the same ratio of increase and that will be a little bit of all right. With the Legion and the Girl and Boy Scouts joining up in the game we feel that the ice has been broken for still further aid and cooperation from our local organizations in this thoroughly worthy cause, and the aloofness and (almost suspecting) silence of the many who should be vitally interested, will not be so apparent another year.

That this paper should avail itself of the opportunity to secure advertising upon this theme should in no wise detract from the merit of the whole plan. Upon the contrary, such advertising shows that the merchants themselves realize the importance and far-reaching possibilities of such a campaign.

In other cities, towns and communities, right at this time, Boards of Trade, Women's Clubs, Fraternal Orders, Parent-Teacher Associations, High Schools, Elementary Schools, Fire and Police Departments, Churches, etc., will be found right in the forefront of their Clean-up, Paint-up, Fix-up, Plant-up campaigns. We hope that another year, with the knowledge and experience gained, will see a similar condition, not only in Northfield, but in all the towns and communities of the big Circle Section in which we circulate. Cheerio.

THE WISDOM OF MAN IS FOOLISHNESS TO GOD

We read somewhere recently that the story of life is one filled with miscalculations and perpetual surprises. The thing was stated a little more elaborately than that; but the idea was as given. The writer went on to figure out that the main reason for these miscalculations was a general ignorance of the true principles of science. Pretty hard on the learned not only of our day but of times before, eh? For these miscalculations are not confined to any class but are general.

Wasn't it the great Malthus who gave close study to the sudden rise in population and deduced the law that, while population increases geometrically, the food supply increases arithmetically? It was his theory that the world was headed for starvation unless population could be checked. But notwithstanding the mathematical soundness of his logic, time has proved that Malthus was wrong. There was a catch somewhere in his figures that nobody has yet been able to determine. He calculated that this starvation period would ensue along about this time but modern scientists have advanced the dating a century or so, and it is not at all unlikely that coming generations will find them just as inaccurate.

And the Malthusian theory is only a single instance. In almost countless numbers the theories of learned men have been advanced, many of them to be accepted in whole or in part by other wise ones, only to be found lacking and dropped in a few years or, a few generations. Is it not so? In other words, the great Newton was probably right when he said that we were just picking up an occasional pebble from the shore of the Great Sea of Knowledge. Only God has the knowledge of the "true principles of science" as yet. "The wisdom of man is foolishness to God." If our scientists and wise ones would only concentrate upon the simple, plain things of life and living and leave airy theories and fanciful conjectures to the time when they have some solid facts and figures to go upon, we should all progress much quicker towards the Fatherhood of God and the Brotherhood of Man.

We have the wild idea that the man or woman who does some unselfish act of kindness to a fellow being or even to a dumb animal, is accomplishing more for the general advancement of the race, than all the wise ones, with their philosophies and scientific theories. And yet, we do not urge the abandonment of the Nobel prize and all learned degrees and titles. Verily, they receive their reward. An unselfish act ceases to be so, if in any way materially rewarded. The Father who seeth in secret will reward secretly. This is difficult to understand but, we believe, hundreds of thousands, yes, millions, would attest it a fact in their own individual experience.

NOVEL THAT MAY MEAN A LOT IN ADVERTISING THIS LOCALITY ABROAD

THE OTHER SIDE OF MAIN STREET by Wilder Buell. Published by Longmans, Green & Co., New York. Price \$2.00.

We expected great things about this novel, knowing the author and everything, and we get them—but in an entirely different fashion to what we expected. We had rather hoped that the characterization of Sniffer, the editor, etc. of The Buzzer would have held the mirror up to ourselves and that once again we would have a fair and unprejudiced personal picture.

But, alas, we cannot take to ourselves any of the real merit and genius, let alone the personal characteristics, of the Buzzer man. He is lifelike, certainly, and thrilling, too, but far, far above anything that we could even hope to aspire.

And so, with the Bunker Hill Garage. Just as we had got Morgan's and Miles, Mr. Morgan, Joe and Eddie lined up in our minds as the possible originals, the author places an elaborate tea house across the street and so knocks out Morgan's outfit. And then all four characters (excepting possibly, Teddy) begin to act and talk entirely unMorganlike, to our way of thinking, at least. And so it goes, right along the line. As some-

body has remarked the scenery of this novel is a composite of Winchester, Millers Falls, Northfield and Hinsdale. The characterization, also, is largely a similar composite of some of the folks of these towns; but all those in leading roles seem to us idealized beyond recognition.

And, we presume, this is all for the best, for 'truth is stranger than fiction'—but not apt to be a best-seller. For we want this novel to go over big as one means of advertising and calling the attention of the world to our Circle Section and we believe it should and will; for it has the earmarks of a rattling good novel strong plot, lovable and entirely despicable characters, no pedantic utterances (except from the characters in character) and a clean healthy sincerity that impresses and you lay the book down when finished, with a feeling that you have read something worth while.

Now for a little scolding. As a piece of typography this book is carefully put together. Even in our rapid scanning of the pages we noted four or more errors and at one place, at least, there were lines missing. Of course, these would be corrected in future editions, but they make many readers mad and prejudice them against the book. A book is not like a newspaper; it is expected to be flawless. A newspaper without a few flaws would not be a newspaper. See the diff?

Congratulations, Wilder Buell, upon what you have accomplished in this novel, and we hope and expect that it is going to be as profitable to you (even in the filthy lucre sense) as to this section of our land. Cheerio.

An old southern planter was discussing the hereafter with one of the colored servants.

"Sam," he said, "if you die first, I want you to come back and tell me what it's like over there. If I die first, I'll come back and tell you what it's like."

"Dat suits me, Massa," replied the old negro, "but if you dies first, Ah wants you to promise me dat you'll promise me dat you'll come back in de daytime."

New legs do no grow so quickly, either, come to think of it.

Everyone will be welcome.

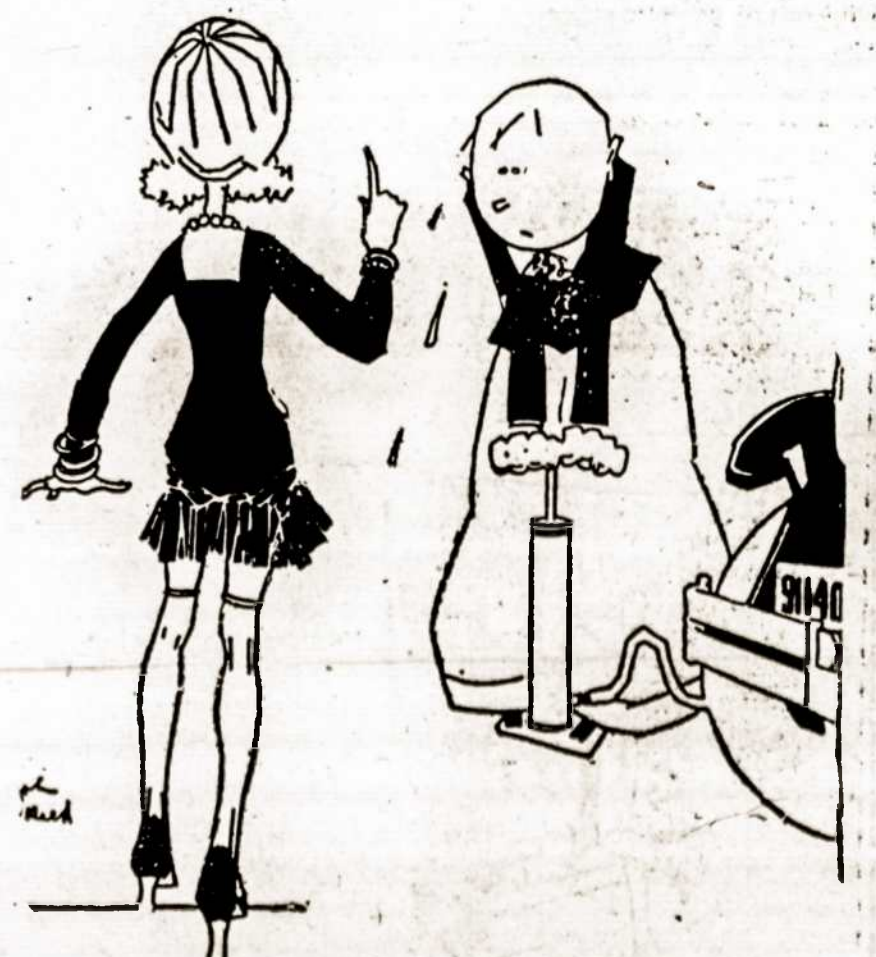

You will be unable to take advantage of the numerous beautiful, new electrical devices for the home if your house is not wired in the modern way. Outlets are needed in many places. This means, of course, that there can be reading lamps in each corner—pretty wall fixtures, too. That day has passed when a few stinky sockets and outlets can serve up to date needs. These charming new electrical fixtures constitute an important factor in the decoration of any room.

Northfield Farms

Local Representative, Harry L. Glazier, Northfield Farms

With the weather for the opening of the trout fishing season on Monday far from favorable, still many fishermen were on our local brooks the opening day.

So far as we can learn Ernest Nash has caught the largest string of fish to date, with Edward Scoble getting the largest fish. Many others have caught a few. A good many are waiting until they can leave their fur coats and mittens at home before they start out.

Prompt aid given by neighbors probably saved Mrs. Nettie Perry's house from being burned when the chimney caught fire. After they had put out the fire which had got such a start that the wall paper near the chimney was burning, the chimney was given a good cleaning out.

Rev. Mr. Giebel of Northfield led the services in Union hall last Sunday evening.

The social committee of the Community club announces a social gathering to be held in Union hall on Wednesday evening, April 24 at 7:30. No admission will be charged and everyone is welcome to attend. Various games will be played and a good time is anticipated.

Mrs. Hart of Greenfield, who formerly lived on the place now owned by Dan Donohue, is visiting at Lincoln Hammond's.

Mr. and Mrs. Henry Towne and children of Moores Corner spent Thursday evening with her sister, Mrs. Harry Glazier.

Miss Lillian Armstrong was away over the week-end.

Miss J. Elizabeth Bigelow returned Sunday night from a week's stay in New York city.

Mr. and Mrs. Nelson A. Jackson drove to Boston on Saturday and returned on Tuesday.

Miss Flagg spent Sunday with Mr. and Mrs. Thiebaud.

Arthur D. Platt spent the brief holiday in driving to and from Montreal where he visited his sister, Muriel, who is taking post-graduate work at McGill University.

Andie Sargis made a trip to Philadelphia and spent a day at Princeton last week.

Miss Velma Holbrook will not return for work at the school this summer term as she expects to take up college before the Mount Hermon term is ended.

Miss Radie Poole spent the week-end with friends in Hartford.

Thomas C. Cummings, Jr., enjoyed a visit from his father, Thomas C. Cummings of Jersey City, N. J., last Sunday and Monday.

Among former Hermon men who have visited the Hill within the last week are: Rev. Harvey M. Eastman, '06, pastor of the Congregational church, Slaterville, R. I., who has had two sons in school the past term; John W. Northup, '08, of Whitesboro, N. Y.; George G. Rodgers, '07, of Worcester; Charles B. Hatch, '18, of New York City.

The new term of Mount Hermon school begins-class work on Thursday the 18th. The new boys registered on Tuesday and the former students on Wednesday.

A Male a-la-Kangaroo Fish

Not unlike the kangaroo, there is a fish, the male of which has a pouch in which he carries the young and cares for them until they are able to care for themselves. It is the pipe fish. Its body is long and slim and is from eighteen inches to three feet in length. It is found in the warmer seas.

I. O. O. F. ANNIVERSARY TO BE BIG EVENT

What promises to be one of the outstanding events of the season, is the annual anniversary of Unity lodge, No. 40, I. O. O. F., which is to be held in the town hall Friday evening, April 26th.

At 5:30 o'clock a supper will be served in the dining hall and the menu will consist of fruit cocktail, baked fish and dressing, roast pork, sliced tomatoes, celery, mashed potatoes, crab meat salad, cabbage salad, pickles, rolls, pie, cake and coffee and will be served until all are accommodated.

At 8 o'clock the Greenfield, Mass., Tap & Die entertainers will present their popular minstrel show which they recently gave in their home city before a capacity house and which they feel the audience will be highly pleased with. Reserved seats for this minstrel went on sale at Mann's drug store this week, Tuesday, April 16th.

Following the show dancing will be in order from 10 o'clock until 2 a. m., with music by the Greenfield Tap & Die orchestra of eight pieces.

Senior Class Honors

The honors to the high school senior class members have been assigned as follows: Valedictory, Rose Helen Jeffords; salutatory, Greta Boardman; essay, Mildred Rouillard; history, Florence Duggan.

Martin-Bigsbee

Milton Bigsbee of this town and Miss Mabel Martin, daughter of Mr. and Mrs. Napoleon Martin of Putney, Vt., were united in marriage last Saturday evening at 6:30 o'clock by Rev. Johnson A. Haines. The ceremony took place in the home of the bridegroom's grandparents, Mr. and Mrs. Walter Stetson on Kilburn street. The double ring service was used. The couple were attended by Mr. and Mrs. Clayton Stancliff of this town. The bride was attired in an orange silk taffeta gown. Following the ceremony, luncheon was served.

Mr. Bigsbee is employed at the Cole Paper mill in Putney. Mr. and Mrs. Bigsbee received many gifts.

Cement Road Construction

F. R. Atkinson of Boston, representing the Callan Construction Co., of Bristol, R. I., which submitted the lowest of 15 bids for the new Westminster, Vt., cement road, is to bid on the portion of cement road which is to be built in this town during the coming season. The Callan Co. is a large concern and is in a position to do other jobs at the same time and they are to figure on other projects that are to be contracted for this year.

Trout Season is On

The season on brook trout in this section of the state opened April 15, which is later than usual. Fishermen look for better fishing conditions in Cheshire county as the Isak Walton hatchery planted more than 10,000 trout, ranging from 8 to 12 inches last fall.

These were taken from the rearing station in Surry. The league is planning to establish and maintain another rearing station in Surry which will take care of from 50,000 to 75,000 trout.

HIGH SCHOOL SENIORS OFF ON THEIR WASHINGTON TRIP

The senior class members of the local High school left today, for their much looked for trip to Washington, D. C. There were 17 in the party and they were conveyed to Keene, by automobiles, leaving on the bus from that city, for Boston, where they will take the boat for New York city, arriving there about 8 o'clock, Saturday morning. From New York, they travel by train to Philadelphia, Pa., thence to Washington. All noted places of interest are to be visited by them and they will return here, Friday April 26th. The class includes Rose Helen Jeffords, Laura Rimbald, Florence Duggan, Sylvia Dickerman, Mildred Rouillard, Shirley Smith, Greta Boardman, Wendell Gove, and Richard Smith. Miss Elsie A. Fuller, of the high school faculty will act as chaperone, and G. Milan Smith of Brattleboro as guide. Others in the party are, Mrs. W. D. Holman, Mrs. Nellie A. Scott, Miss Mary E. Enwright, John Enwright, Mrs. Paul A. Maginnis and Miss Minnie Maginnis.

Card of Thanks

I wish to thank all of my friends and neighbors, also Hinsdale Post, No. 45, American Legion, for their many kindnesses shown me, during my recent illness.

Signed,

Minding One's Own Business

An instance of my own personal experience which occurred recently reminded me of what President Coolidge said. When the newspapermen asked him what he had done in the White House, he replied that he had minded his own business.

With this in mind, our attention is called to a troublesome dog which watches every move a cat makes. He is not satisfied until he gets it up a tree or climbing the side of the house. Sometimes he stays for hours at a time watching it when he should be minding his own business.

It is exactly the same with some certain individuals to whom perhaps we might attach the name filibertigibbet. Such people exist everywhere in this great universe.

There is a saying that "If the coat fits you, put it on," so we must ask those who read this to bear it in mind. It makes no difference to them whether we walk, ride, work, or play, and I believe that the students in Hinsdale high school would appreciate it if those to whom this applies would let each one attend to his own affairs.—Susie Pierson.

Commencement Assignments

There is a slight change in the senior parts for commencements. Regardless of their averages, excepting the first three, they follow: Valedictory, Rose Helen Jeffords; salutatory, Greta M. Boardman; class ode, Mildred G. Rouillard; class history, Florence I. Duggan; class prophecy, Wendell Gove; class essay, Laura Rimbald; essay, Richard Smith; class will, Shirley Smith; prophecy of the prophet, Sylvia A. Dickerman.

Local Items

The jury was drawn Tuesday morning of this week and was here to view the scene of the accident. Orville E. Cain of Keene, represents Mr. Zavortny.

Rysta Cafe Moves

John A. Judge, proprietor of the Rysta Cafe, which has been located at the corner of Main and Northfield streets for several years has moved the Cafe to the Kimball Block on Main street where the opening took place this week Tuesday. Considerable improvements in the equipment of the Cafe, have been a great deal more room over that of the previous location, thereby accommodating more customers at a time.

Latham an Announcer

The following excerpts from Boston newspaper, concerning a former Hinsdale boy, will, no doubt, be of interest to the many readers of this paper: "When radio station W B E T was dismantled recently the staff scattered in many directions. Westinghouse station W B Z-W B Z A in the process received back one of its earliest announcers, Wayne Henry Latham, who, in 1927, served at the Brunswick studios. Latham is now junior announcer at the Statler studios and is one of the most promising members of the staff.

His familiarity with the theatre and dramatic work has served him in good stead, for Latham is first and foremost an actor. During his two years at W B E T Latham organized and directed the W B E T Radio theatre, which was considered by several authorities one of the outstanding groups of dramatic broadcasters in the East. Latham was born at Hinsdale, N. H., 26 years ago, a son of Mr. and Mrs. Ernest I. Latham, now of Boston, but had most of his education in Boston, where he attended the High school of Commerce, Wentworth and Berkeley Institutes.

Wantastiquet Grange

The sugar supper, which was given by the men of Wantastiquet Grange P. of H., No. 133, last Wednesday evening, was attended by about 120 people. The May issue, just to hand, contains 40 contributions, 12 of prose and 28 of verse. As always it is beautifully printed with frontispiece, a picture of Moscow Falls, Kingsbury Branch of the Winoski River at East Calais, Vt., tipped in. Here is just the last verse of a poem "Peace at Eventide" by X. X. who is said to be an inland Vermonteer "When She was here and gladly we Had watched a day that died, And later sat beside a fire, 'Twas peace at eventide."

Sour milk and soda may be substituted for sweet milk and baking powder in making biscuits, cake, or cookies, and vice versa. When proportions are given in terms of sweet milk and baking powder, and equal quantity of sour milk may be substituted and enough soda used approximately to neutralize the acid, or a scant half teaspoonful for each cup of sour milk. In the case of thin batters the soda and sour milk usually furnish enough leavening, but for thick batters or doughs, baking powder is usually needed in addition. For example, if biscuits call for 1 cup of sweet milk and 4 teaspoons of baking powder, 1 cup of sour milk may be used, a scant half teaspoon of soda and 2 baking powder. When sweet milk is used in place of sour, baking powder is substituted for all of the soda in the proportion of 4 teaspoons of baking powder for 1 teaspoon of soda if no other acid ingredient such as molasses is used. If such an ingredient is used, some soda is required.

FORMAL AFTERNOONS

It is no longer considered good taste to wear sports frocks all day. Formal afternoon occasions such as bridges, teas and receptions demand more feminine, elegant apparel, such as the frocks illustrated. The first uses a circular panel, which may be of even length of dipping at the left side, to give a smart flare to the skirt. A diagonally shaped girdle molds the hips.

The second frock achieves its graceful lines by means of two circular flounces, arranged in sloping lines on the skirt. The diagonal neckline may be finished with a narrow collar.

How Much Is A Billion?

CAN you in any sense at all comprehend or visualize the inhabitants of the whole world, stage a parade of Europeans, Asians, Africans, Australians, North and South Americans, and the islands of the seas? There are one billion seven hundred and forty eight million of them according to combined census and estimated population figures. Think of an audience of thousands, and how overwhelming their numbers seem!

Having attempted so much, think of a warehouse huge enough to shelter six billion tins of canned food, for such is the number used yearly. This approximates three cans and one half for every person in the whole world. In comparison with the number of tins used yearly in the average American home, the world consumption is small, though the total staggers imagination. In reality, the bulk of these six billion

tins of food is canned and consumed in this country by over 125,000,000 people.

A Century's Progress

In view of the fact that the first patent for tin "canisters" was taken out in England in 1810 and the first American patent in 1825, it is astounding to realize the impressive part canned foods now, on hundred and two years later, play in our national dietary. Using the above figures, we find that each individual American consumes an average of 24, and each family of five, an average of 120 cans of food a year. It is difficult to imagine how we could feed our people if the supply of cans should fail. It could not conceivably be done in a way which would supply body needs and the pleasures of the table as well as it is now done by means of sanitary canned foods.

Thousands of prescriptions for this remarkable formula were filled by druggists last year; over 20,000 physicians, dentists and welfare nurses recommend and endorse A-Vol as a harmless, safe, rapid relief for pain, depression, fever, cold, flu.

Those in Erving and the immediate vicinity who appreciate a rollicking show will enjoy the Orange Players' most successful production "Glad Rags" to be repeated in the Orange Town hall on Monday evening, April 29. Reserved seat tickets are now on sale at Cheney's drug store in Orange.

"The Minister's Wife"

Everyone will want to see and hear "The Minister's Birthday" which will be presented in the Erving Town hall, April 26 at 8 o'clock by talent from Orange under the auspices of the Ladies Aid society. "The Minister's Birthday" is a very popular play by Will T. Bingham.

It received a great reception the country-wide. There are thirteen musical numbers including choruses, solos, duets, quartets, etc. There are speaking parts between the musical numbers which make the whole production a unit. The situation and characterizations are extremely funny. The minister is fooled as to the nature of the present also the busy-body of the church. Embarrassments arise. The janitor and his wife make a taking pair. The minister's wife is a real helpmate. The self-importance of the committee from the trustees becomes ludicrous. There are many other things of interest and mirth. Anyone attending is sure to get their money's worth, provided they are able to laugh that much. There are 29 in the cast of characters. Admission, adults, 35c, children 25c.

The Ladies Aid society met Wednesday afternoon at the usual hour in the

At Home

The day's work is done. The evening meal is over. The members of the family gather round to relax, and enjoy a social hour before evening engagements call them away.

Could there be a better time for visiting by telephone, with greater assurance that those upon whom you call will be "at home?"

And, if any further persuasion be needed, there are the low evening rates which apply from 7:00 to 8:30 each night. For example:

FROM NORTHFIELD TO

Adams, Mass.30	Keene, N. H.30
Ayer, Mass.35	Lawrence, Mass.40
Bennington, Vt.35	Newport, R. I.55

Fall River, Mass.55	Quincy, Mass.50
Framingham, Mass.40	Rutland, Mass.50
Gardner, Mass.30	Springfield, Mass.35

These rates are for three-minute station-to-station calls. Particular person calls take full day rates.

These rates are made to decrease the cost of your evening calls at a time when you are most likely to find friends at home. Further reductions, of course, are possible on calls made between 8:30 P.M. and 4:30 A.M.

Bernardston

Mrs. Arthur H. Nelson,
BERNARDSTON CORRESPONDENT
of The Northfield Press.

Building Moved

The Proutie barber shop and the next building to it have been moved back from the road and joined together, making one building. Mr. Proutie will use the smaller building for the barber shop and the large one will be used as a lunch room. The moving of these buildings gives added convenience to autoist and teams as before there was no room in front and it was hard to know when cars were coming until they were right upon you. The front building is quite ancient being built over 75 years and for a long period was used as the Bernardston post-office. Fred Bardwell was for many years the postmaster and also ran a cobbler's shop. While working on the building a newspaper was found in the partitions. The Franklin County Reporter dated September 16, 1887, and had Mr. Bardwell's name on it. It is expected the gas tanks will be placed in front of the shop.

United Church Class

The Philathea class of the United church met in the church vestry Tuesday evening when a good number were present. Every member brought different articles of interest and gave a brief talk on their exhibit, some were antiques. Mrs. Josie Edgar brought the doll, 54 years old which she has had since a little girl. There were dishes and many other articles also. Mrs. Raymond Dunnell exhibited two very fine three weeks old puppies, black Newfoundland. Dainty refreshments were served by the hostesses.

Baptist Ladies Social

A good number attended the social of the Baptist ladies, Tuesday evening. This being gentlemen's night. The program which was very interesting was in charge of Mrs. Henry Newton and Mrs. Harry Day. Mrs. Harry Day sang a solo, Mrs. Fred Wright and Henry Newton gave readings and the two ladies impromptu quartets and the gentlemen's quartet was enjoyed. The games and spelling match occupied the rest of the evening. Cake and ice cream was served by Mrs. Thomas Adams and Mrs. C. F. Minott.

Methodist Ladies Meet

At the annual meeting of the Methodist ladies which was held at the home of Mrs. Herman Weiners, the following officers were elected: President, Mrs. Leon Nelson; vice-president, Mrs. Herman Weiners; secretary, Mrs. Eben Taylor; treasurer, Mrs. Mary Streeter; Parsonage committee, Harold Cairns; Mrs. Mary Streeter; Mrs. Etta Chapin, Mrs. Eben Taylor.

CHILDREN'S BOOKS

"Don," Zane Grey; "Cross Currents," Beard. The library has just purchased the new edition of the Book of Knowledge with index which also called children's encyclopedia, is interesting to adult readers. There are 20 volumes full of interesting facts and well illustrated.

LOCAL HEALTH PLAYS

The Health play which was written by Delmar Magoon and given in the town hall was repeated at the Weldon hotel Wednesday evening. This was given by invitation of the Franklin County Health association. Orange also presented their play.

Bernardston and Orange were only two towns who competed in the contest. Those taking part in the Bernardston play, "Health" were Arthur Adams, Delmar Magoon, Chauncey Townshend, Misses Ruby Whitaker, Dorothy Foster, Doris Woodward, Natalie Ward. The cast was coached by Miss Brooks.

Last Basketball Game

The last game of the basketball season was played Tuesday night. The Boy's and Girl's team were opposed by the Petersham High school teams. Miss Phillips of Greenfield refereed the girls. Ralph Murphy, the boys. The girls score was 54-13 in favor of P. I., the boys score was 33-13 in P. I., favor. This final victory makes the season seem very successful. The teams played well and showed fine sportsmanship. The large crowd and the splendid cheering helped a great deal to encourage the players.

The fire truck was called out Tuesday afternoon for a chimney fire at George Dennisons.

Wild geese have been seen going north and one flock was seen going south which looked as so they thought they had made a mistake in thinking warm weather had come. The snows and rains of the past week remind us that summer has not come yet. The little birds have minded the cold weather and snow and many are feeding them.

Tuesday night, a big truck coming from Keene, N. H., went off the bank the east side of Dry Bridge instead of making the turn on the bridge, they went straight and over the bank by the railroad. The truck was from New Britain, Conn., and had been to Keene with a load of furniture. The driver was alone, but had picked up some of Mr. Hermon boys one of the boys received some cuts and the driver was bruised up some.

The truck was taken in to Streeter's garage when it was fixed up enough so it was driven to Greenfield where the driver stayed until morning.

NW ENGLAND QUALITY PRODUCTS LABEL WINS

Nearly \$275,000 worth of Massachusetts farm products will be marketed this spring under the New England quality products label according to figures reported by L. A. Bevan, Director of the Division of Markets, State Department of Agriculture.

Asparagus, eggs and day old chickens are the principal products which swell the total value which can be credited to the New England quality products label. The season for local asparagus has not arrived but the two associations of asparagus growers, one at Eastham and one at Concord, used the label on their asparagus last year and will do so again this year. They marketed \$50,000 worth of asparagus, standardized, graded and packed in accordance with the regulations of the State Department of Agriculture and bearing the label last year. They may go somewhat above this figure this year with a favorable season.

Day old chickens are being sold in large quantities under the label this spring. The Massachusetts Certified Poultry Breeders' association adopted the label and met the regulations of the State Department of Agriculture. The season is not over but it is assured that about 450,000 of these high quality day old chickens will be sold this year. Even at the low figure of \$25 a hundred the total value of these chickens would be \$112,500. The Certified Breeders' association is also selling hatching eggs under the label. It is estimated that their returns for these high quality eggs will be more than 100,000 this spring.

Eggs put up in cartons containing a dozen each and each carton bearing the New England quality products label have been on the markets for some time. From the number of orders for labels it is estimated that the sales of these eggs will be not less than \$100,000.

The quality products label idea will be put to a new use this fall as the Nashoba Apple Packing association has decided to put the label on each bushel box of high quality fruit it sends out. Altogether, Mr. Bevan feels that the plan has made excellent progress during the first year and that its use will expand materially in the future.

Members of Congress were paid \$6.00 per day when on duty up to 1814.

IMPORTANT FACTS FOR N. E. BUSINESS MEN

Volume No. 1 in the commercial survey of New England, \$1.75 the copy, obtainable from Superintendent of Documents, Government Printing Office, Washington, D. C.

By means of this volume New England business men now have at their disposal facts as to the New England market which will be of the utmost importance in developing increased commercial and industrial activity. The studies on which this book are based was begun three years ago, at the instance of the New England Council, and were carried to completion by the Department of Commerce, in cooperation with the Council. Sales managers advertising men and every executive interested in promoting more sales, will find in this volume complete, accurate and up to date information regarding the marketing or trading areas of the New England states. It includes a series of maps, outlining the several trading areas.

THE JEWELER'S CRAFTSMANSHIP

There are so many things in a jeweler's shop which assist in putting the finishing beauty touch to a home. Fine silverware and beautiful cut glass of course head the list. Then there are the refinements of clocks, vases, works of real art. They belong in the modern home conducted in the modern, progressive manner. They are signs of quiet prosperity and of discriminating taste. Therefore they play their vital part in the present campaign.

Wit and Wisdom

WHAT'S THE SADDEST PIECE OF HUMOR YOU CAN THINK OF?

AN EFFICIENCY EXPERT OUT OF A JOB -

Have You thought of YOUR plumbing?

Upstairs in the bathroom there is a tap that leaks, or pieces of plumbing that have long been giving you trouble. Down in the kitchen there are tribulations, too, which you have put off from day to day. Telephone for a plumber, and in this general Clean Up, Paint Up and Fix Up Campaign, remedy these vital faults which in the aggregate make for lack of efficiency.

Says your PLUMBER

"While you are in the Clean Up and Paint Up mood, why not give a thought to this Fix Up idea? It extends to the plumbing in your house. Have there been leaky taps, stopped-up drains, rusted gutters? The plumbing in a house can't go forever without expert attention, you know. It wears out in time or at least comes in need of a good look-over. And we are ready to do this work for you thoroughly and economically."

Cheer-up with Radio

If you haven't a radio as yet, you will come to it. That is the surest thing in the world. Why deny yourself evenings of fascinating entertainment, as you pluck from the air a jazz orchestra in a distant restaurant, a Presidential speech, the details of a spirited prize fight, the latest sentimental song, or an entire opera as given on a great stage.

Yes, radio must come into your life. Or perhaps you have an outmoded set which is giving you trouble.

Here again science has given us the one-dial set—freedom from interference, and the electric light socket attachment, which dispenses with the bothersome storage battery.

We have the latest in radios, and an installation will immediately prove that our recommendations are altogether trustworthy.

Burn Rubbish and prevent dangerous fires

Way stuff papers, rags, broken boxes and other inflammable things in the attic, in the cellar, alongside the house, or in the back yard as so many of us persist in doing?

These loose rubbish deposits are fire traps, whether we are willing to concede as much or not. Fire statistics show that they are all of that.

In a safe place in the back yard keep one of the simple, modern catch-alls of steel, into which trash can be placed and burned with safety. Bits of flaming paper cannot escape and there are few, if any, sparks. The cost of one of these devices is surely less than the cost of a new house!

Something New in Monoplanes

First view of the unique monoplane designed by Earl E. McClary in given its first tests at Long Beach, Calif. Instead of wings running crosswise as in other planes, its large pear-shaped wing runs lengthwise and the motor and cabin are suspended beneath the roof-like wing. The inventor asserts the huge single wing has a lifting area of five and one-half pounds to the square foot.

A BOOKLET TO SEND TO YOUR FRIENDS AND RELATIVES ELSEWHERE

"New England is Vacational," a directory of sources of New England recreational literature. The booklet is larger and more elaborate than "Come to New England," published by the Council last year, and brings up to date the list of pamphlets and folders issued by chambers of commerce, publicity bureaus, railroads and other interests throughout New England, which describe the attractions of New England as a vacation spot.

The booklet is gay with a brilliantly-colored cover by John Held, Jr., and contains an introduction by Walter Prichard Eaton, author and critic. The Council has planned a total distribution of more than 100,000 copies throughout the country, since this is the only directory of material about the recreational resources of all New England. Last year 100,000 copies of "Come to New England" were distributed.

Two hundred and fifty publications are listed in this 1929 edition, "for the convenience of those seeking to enjoy New England's unexcelled

IF SHE DID IT WOULD

He—I was thinking of asking you to dinner tonight. Is your watch going?
She—It will if I do.

HAD BEEN PICKED

He—You're the sweetest flower that ever grew.
She—But don't forget that I've been picked before I ever met you.

Mistaken signal
Druggist: "Say doc, can you fix this twitching eye of mine?"
Doctor: "Is it troubling you much?"
Druggist: "Well, yes, in a way. You see every time I wait on a man and he sees that twitch, he says, 'Don't care if I do.'"

Luckily it seems the radio program managers did not learn that his year is the 100th anniversary of the introduction from Austria into his country of the accordion, until the date went by.

Coins dating from 700 B. C. have been recently unearthed.

SATISFIED

He—How about you and me getting married?
She—No, I think I'll make my present husband do for another year

A HARD WORKER

"He never works, but borrows money."
"Wrong—he works harder borrow ing it than any man I know."

GOOD AT PETTING

He—Sally is a good girl.
She—Yes, good at petting, maybe.

FOOT OF THE HILLS

Visitor—A better corn is raised in this hilly country than anywhere else? Just where is it grown?
Farmer—On the foot of the hills.

HIS TEETH CHATTERED

Friend—I suppose your teeth chattered as long as the burglar was in the house?
Falsefangs—No; they started to, but when I heard him coming up the stairs they fell out."

ANSWERED AT LAST

Why should the SPIRIT of mortal be proud? Look at what it now brings per pint.

OR THE DAY AFTER

On account of the recent rebellion in Mexico, Lindy will not be married today—but he will be married Tomorrow.

WILD FLOWERS

By THOMAS ARKLE CLARK
Dean of Men, University of Illinois.

It was the last of May and along the railroad right of way as I rushed through the prairies, I could see the wild flowers blooming. Civilization has pushed them back to more remote and undisturbed regions or has utterly destroyed them, excepting in these strips of prairie land which the avacious plow share

has as yet left untouched. I wish there were a law that they must be left undisturbed. More and more these natural gardens along railroad tracks are being put into cultivation. Wheat and oats and corn are growing in the rich soil and more's the pity, the flowers are disappearing.

There are wild strawberries in the grass. I can see the white blossoms as we ride by, and fast as we roll along I can see occasionally the glint of the scarlet berries ripening in the sun. I have eaten strawberries at Kendallworth where they grow as big as crab apples, and I have tasted the prize varieties from a dozen sections of the country. There are none so sweet and satisfying as those we used to pick out of the prairie grass as we sought them on our hands and knees on the way from school.

There are great gardens of phlox—Sweet Williams we used to call the flower. I can still see on the teacher's desk in the old district school house the bunches we used to gather and present to her to show our affection or to win her favor. Along the hedge rows wild blackberries are blossoming, white as snow. We gathered the luscious berries in the summer years ago and mother made them into jam. I can taste it yet.

There are patches of purple spiderwort, and violets and tall, graceful shooting stars rising on their single slender stem. I wonder if down in the marshy places buttercups and lady's slippers are still growing. It was a real occasion when we found a lady's-slipper blooming. We did not know then as I know now that when we picked the flower we wounded the plant to death. I am sure I should have left it untouched much as I wanted to hold the delicate blossom in my hand, had I not been ignorant of the result of my plundering.

There are roses on the uplands—fragrant, delicate, not to be compared with any cultivated rose which floral genuluses have developed. Give me the wild rose before any of the rest of them. Some of the flowers I have almost forgotten so long ago it is since I have wandered among them. The sight of them brings back almost forgotten memories, however—names of which I have not thought for years, experiences which I but dimly recall, associations which were very close in those days. I am a child again, wandering barefooted through the prairie grass, picking my way carefully lest my feet suffer. There are for a time no responsibilities, no duties, only the wild flowers and the song of the meadow lark to enjoy.

Is Now a Welterweight.

Jimmy McLarnin, sensational right-hand hitter from Los Angeles, is through making weight for the light-weights.

He says that he has cast his lot with the welterweights and hopes to arrange a match with Joe Dundee. The latter was dethroned as champion by the National Boxing association, which recognizes Jackie Fields as title holder.

Y. P. B. at Notch Hill

About thirty-five of the young folks were at the regular meeting of the Young People's Branch of the W. C. T. U. at Notch Hill on Wednesday evening. Mrs. E. M. Morgan and Mrs. P. W. E. Hart were the matrons present. In addition to regular business a goodly program of music, recitation and playlet, was put on, followed by social time and light refreshments.

Fortnightly Luncheon

The Fortnightly luncheon will be held at 1:30 p. m. Saturday May 4 at the Northfield hotel. All members should notify the secretary, Mrs. W. E. Waite by Wednesday May 1, if they are to attend the luncheon and the number of guests they will bring.

See What Threatens?

Here is a dispatch from Jefferson City, Mo. which says that under a bill pending in the legislation here only persons graduating from recognized colleges of agriculture would be permitted to engage in farming unless they had been farmers for at least five years before the act took effect.

CARD OF THANKS

Mrs. Oscar J. Mack desires to express her thanks to the friends and neighbors for their kindness during her illness both at home and when she was in the hospital.

April 18th, 1929.

Warwick

Mrs. Charles Gilbert, her son and daughter, and a friend, all of Providence, R. I., spent the week-end with Mrs. Gilbert's mother, Mrs. Rachel Hunt.

Mrs. Rein Kolka reopened her gasoline filling station which has been closed for the winter.

Merriam Barnard has recently purchased a new Ford coupe which certainly is a dandy.

Arrangements are being made by the local Red Cross committee and the Red Cross nurse for a Well Child conference or baby clinic to be held the third week in May at which time it is hoped all parents will avail themselves of the opportunity of attending this clinic and again have Dr. Coffin's advice as to care, food, etc. She will be assisted by a special nurse and dietitian.

Mr. and Mrs. W. S. Brown have reopened their cottage in Brush Valley after spending the winter in Holyoke.

Those who have enjoyed fishing in Wheeler's pond will have to look elsewhere for this pleasure, temporarily at least, as the high water has washed away the dam and greatly decreased the size and depth of the pond.

Trout season has opened and a few hardy followers of the sport have been observed trying their luck in spite of the most unseasonable weather. No great success has been reported so far.

Mr. and Mrs. Halph Holbrook and son, Wallace, have gone to Elmore, N. Y., to make their home near where Mr. Holbrook has been employed for the past two years or more. Mrs. Holbrook has been with her parents, Mr. and Mrs. F. A. Lincoln for some time, as Mr. Holbrook's forestry work has taken him to different sections of the state for indefinite periods.

We wonder what has become of the May flowers reported as blooming last week. Also think it's a good thing that the robins all wore their red flannel shirts. Apropos of the weather recently would like to submit the following poem (if such it be) entitled "Spring in New England."

Spring has come and winter's gone,
We have waited for it long!
Let us stroll down yonder lane,
Darn it! Winter's back again!

Kalsomine Away the Gloom and Ugliness

That cellar has looked none too well all these months past. You noticed it when you went down to "tend furnace" or your wife took out another jar of jelly. It is really wonderful what a coat or two of brightening kalsomine will do—a complete transformation. And in the attic, too, the change is just as noticeable, or in dark and dusty closets. We will not only sell you the best quality of kalsomine and the special brushes, but will tell you how to mix and apply the kalsomine.
